### New Laws Take Effect

On Friday, Sept. 23, several laws took effect that had been enacted in the last legislative session, marking the end of the customary 90 day waiting period. While there are several dozen to choose from, two laws are singled out for discussion as they might have a more immediate impact on many residents.

L.D. 478, entitled "An Act to Protect the Health of Children by Prohibiting the Free Distribution of Cigarettes," discourages the sale of tobacco to people under 18 years of age. The statute reads: "no person may knowingly sell, furnish, give away or offer to sell or give away cigarettes or tobacco to any child under the age of 18 years. No person in the business of selling or otherwise distributing cigarettes or other tobacco products for profit . . . may . . . distribute [tobacco or cigarettes] in any place, including a public way or sidewalk, public park or playground, public school or other public building, shopping center or mall." A fine of $20 to $50 is imposed for each violation.

As we can see, the major burden for carrying out this law rests on those who sell, distribute or give away cigarettes and tobacco, not on the under 18 year old who might try to obtain these items. Thus, the impact of this new law is spread among all of us. However, questions might arise such as the positioning of a cigarette dispensing machine in the lobby of a restaurant or motel. Anyone with questions should call the Attorney General's office in Augusta at 1-289-3661.

L.D. 1528, entitled "An Act to Require Swimming Pools to be Enclosed", requires pool owners to erect a fence around every swimming pool, except "that portable above-ground swimming pools with sidewalks of at least 24 inches in height are exempted." Fences must be at least four feet in height above ground and of a character to exclude children from wandering accidently into the pool. A house or accessory building may be used as part of the enclosure.

## Gilead

— Louise Loring, Corres. —

It never fails — Every time I pick up a magazine or paper I see the horoscope predictions for the month—for the week—for the year. In general these horoscopes are frustrating. For example, my horoscope for last week told me that I would be involved in a social project that would make me renowned and feelings of exuberance would last for the duration of the seven days. My energy and my openness would be noticed by my superiors and as a result many positive changes in my life would be rapidly progressing.

Monday started the week off with toil at home—washings had collected, windows were smudged and the living room curtains tattle tale grey did not add to my rustic country decor. There were tomatoes to be canned—apples to take care of—relish and jam to make, and as a result company appeared in the midst of all those "fun" projects. After balancing the check book and fighting inflation at the super market, any feelings of exuberance, and energy levels had dropped to frightful one (on a scale of 1 to 10) and the only open-ness I experienced was when I discovered that the bedroom window had been left wide open all night and the temperature had dropped to a mere 38°. My superiors unfortunately had not noticed the crisp clean curtains, the well washed windows or the jars of canned goods reposing up on the cupboard shelves.

The world turns and here I am—still reading my horoscope and still hopeful. At this point I read the prediction directly before and after my own—and hope that any radical changes will slow down to a dull roar. And how was your week?

## Swan's Corner

Sent in by Viva Whitman:

Another week of September gone by; nights getting cooler and all the reminders of Fall are surrounding us.

While I went to town to do the wash on Monday, Russell got squash cooking so we could freeze it. He had steamed it in the shells, so when I got home, he spooned the squash out of the shells and I put it into containers to put in the freezer. Also ground some zucchini to freeze for making more of the delicious zucchini carrot bread that disappears so fast around here. Russell and I went in the afternoon to visit Peggy in the hospital and she told me that a lady who was in the hospital when Mother was, was in there again, so I went to visit with her for a while as Peggy had other visitors. Muriel was glad to see me and I to see her.

Tuesday was what you could call a busy day. I had a nine o'clock appointment in Norway, so we were on the road early as we wanted to stop at our brother's in West Paris to see if they would be home later when we had our errands done; then we were off to keep the appointment and do our errands in South Paris and Norway. After lunch, we headed up High Street to visit with Lawrence and Grace Yates. We stayed as long as we could, but had appointments in Bethel at four o'clock so hurried home to let the dog out for a few minutes before we went to town. After the appointments we came home and had a quick supper and were off again to Rumford to visit Peggy. What a day! Had just gotten home when the phone rang and it was Tom Yates calling from Colorado. We had a nice chat and were so glad to hear from him as it had been some time since our last talk with him. He told us he was hunting antelope Sept. 24 and 25. Hope he got a good big one to put in his freezer.

Russell went to Bear River Grange Hall Wednesday morning to talk to one of the groups of Outward Bound. They wanted to know about the Grange and what it stood for; also to see the inside of the hall they were painting. I did some cooking while he was gone and when he got home, he started to strip the garden of what vegetables were left. It was quite a job and took most of the day, so we didn't get to Rumford to see Peggy, but she had called saying she would be home the next day if all was well. I was doing a make-believe job of washing the floors and was in the middle room when the door opened, so I said, "Watch out for the wet floor". I thought it was Russell coming in for something, but the voice I heard was that of my niece, Kaye Blossey. She and her husband Otto, had just arrived from Fort Lauderdale, Fla. It was good to see them, as I hadn't seen them since the last year I was able to go to Florida to work. Kaye came to use the phone early Thursday morning and found me blanching broccoli to put in the freezer. About 11 o'clock we had another surprise. Roger and Florence Verville from Small Point drove into the yard. That was another nice surprise as we hadn't seen them since my last year in Florida. They had hoped to see Peggy also but she didn't get home from the hospital until after lunch and they had to leave to keep an appointment. Peggy went to stay with her daughter Loretta Merrill in West Bethel for a day or two until she got her strength back, However, she is at her own home now.

It seemed a day for callers and in the afternoon, we had a visit from Lindley Wieden who works for O.C.C.S. Of course he came on business, but always enjoy talking with him.

We were having a family get-together on Sunday so spent the day Saturday doing what I could to get ready for it. It takes me a while to do what I want to as my old legs don't respond as well as they might. It was also Grange meeting night, so had to make something for the pot luck supper. We had more members at the meeting than we had expected. Four of the folks who came were visitors; Verna Swan and Richard Felt from Franklin Grange of Bryant Pond and Dot and Harold Canwell of Oxford Grange.

I had sent invitations to members of our family that we were having a get-together on Sunday, Sept. 25 and hoped all who could would come. Thinking of Mother, as I do quite often, I know she would have been glad to see all of the family who came. There were 47 in all, including Peggy, Russell and myself. They weren't all here at the same time, but was glad so many come, if only for a short time. I'll try to list them though not in the order in which they came. There were Bryce and Barbara Yates, daughter Darnita and granddaughter Eva, Sunday River; Elden and Terry Yates, sons Jeremy and Justin, Mexico; Michael and Wynona Woolf with daughter Courtney, Lewiston; Lawrence and Grace Yates, David and Karen Yates, David and Carolyn Yates with niece Deven, West Paris; Beverly and Arden Andrews, North Paris; Eva (Polly) Dunbar, Norway; Laura and Bernard Hutchins and his sister, Merna Allen, East Andover; Francis Adams and children, Robby and Karen, Sweden; Myrna and Bernard White, Auburn; Loretta and Emerson Merrill and children, James and Samantha, Gilbert and Juanita (Polly) Haines, Pamela and Cameron Taylor and son, Stephen, West Bethel; Kaye and Otto Blossey, Fort Lauderdale, Fla.; Elyse Fisher and sons, Bradley and Andrew. Quite a gang here most off the day and what a nice day it was. It was just perfect even though one needed a sweater most of the day when outdoors. The children had a good time playing with each other and even the dogs had a good time. Laura and Bernard brought their little dog with them, so she and our dog played too. A most enjoyable day for us and I hope for all who came. Just wish the rest had come too, as we don't see enough of the family members. Perhaps we can all get together somewhere next year and have more of the family present. Thanks to all who came and don't wait for an invitation before coming again.

Does everyone enjoy the fall colors, that are starting to show, as much as I do? The only thing is, I don't enjoy the cold weather that comes after it, but we can't have everything so enjoy what we can.

## NEWS FROM ADULT AND COMMUNITY EDUCATION

Learning opportunities for Adults remain in the following S.A.D. 44 Adult and Community Education classes following the first week of Fall term courses: Stenciling, Machine Embroidery, Splint and Rush Seats, Cued Speech, French I Plus, Christmas Crafts, Instant Pediatrics, Accounting II, Toy-making, Handsmocking, Basic Machine Tool, Vicki's Kitchen Cooking classes, Stretchknit Sewing, Knitting, Algebra I and Career Planning. Anyone who would like to enroll, should contact the Adult and Community Education office, 824-2136.

Instant Pediatrics will feature a series of guest experts in many areas of child health and well-being, and will be held on Tuesday nights for six weeks at Telstar. Course facilitators Merton and Martha Brown have lined up a program which will cover Common Childhood illness, Common Injuries, Pediatric Emergencies, Growth and Development, Infectious Diseases and Continuing Child Care Needs such as nutrition, dental health, immunizations, etc. This course is offered by S.A.D. 44 in cooperation with the Bethel Area Health Center and is especially designed for new parents and others involved with the care of children.

Accounting II, a second-level course, is being taught by Lloyd Carver of Bryant Pond. As a CPA and businessman, Carver brings a well-informed perspective to this class, which is open to those who have taken Accounting I or who have gained introductory knowledge through past educational or work experience.

Rocky Swain's Basic Machine Tool class marks the first time in many years that adults have had access to the well-equipped machine shop at Telstar High School. This class will feature formal instruction and hands-on experience in metal-turning and shaping, and heat-treating. Lathe, milling machine, universal grinder and press work will be included, with all students making a tool or machine part for their own use. Machine Tool is on Wednesday evenings.

Vicki Rackliffe of Bethel will begin another session of cooking classes in the Adult and Community Education program with a new series titled Vicki's Kitchen. The Thursday night classes will feature a series of guest cooks bringing their own specialties. Mrs. Ganguli of Rumford has been invited to teach a session on Indian cuisine; Ki Clough of Bethel, a native of Scandinavia, will cover the cooking of that culture; Debbie Dohrman of Bethel will teach Mexican cooking, and Vicki Rackcliffe will do Italian specialties. Students in Vicki's Kitchen participate in the preparation, receive recipes and tips from all sessions and share in the fun and good eating at each class.

A course in Algebra I will be offered this semester in response to requests for a refresher course for those who are interested in college or vocational school admission. Hi Berry will teach Algebra on Thursday nights and the class has attracted interest from some parents who wish a refresher experience in order to assist their children with schoolwork.

Many of the craft classes planned for the fall term have room for additional students, with classes in Christmas crafts to begin in October. Stenciling meets on Monday nights, Machine Embroidery also on Mondays, Toy-making which allows students the opportunity to make stuffed toys, and Handsmocking, meets on Wednesdays, with Stretchknit Sewing and Knitting on Thursdays. These classes all feature projects and allow students to get a start on holiday gifts and decorations.

The Splint and Rush Seating class will hold its next meeting on Monday, Oct. 3. Anyone who would like to join the class is asked to contact the instructor, Nancy Grover, 836-3533, to order materials.

Cued Speech is a form of visual communication with hearing-impaired people, and will be taught in this area for the first time by Cathy Haselton, a speech therapist. It is most useful for teachers and others who work with hearing-impaired, and will be offered for re-certification, as well as general interest.

## North Paris

— Evelina B. Vatcher, Corres. —

Harlan Abbott, Roger Benson, Leon Baker and Teddie Olson went to Moosehead on the moose hunt and bagged a moose the first day and were home here at midnight Monday, Sept. 19. It weighed 900 pounds, woods dressed. Tuesday they took many pictures and took it to the butcher later in the day. We had some of the liver for dinner Saturday and it was delicious and we could cut it with a fork. Much more tender than a lot of beef liver we have eaten. When Harlan got home from helping with the moose Tuesday, he had a skunk in the cellar, so he shot it and PHEW what a smell to live and eat with. Joe Vatcher took up some lime to sprinkle in the cellar to help sweeten it up. I hope Harlan had a permit to shoot the skunk. We heard that several others were also lucky on the moose hunt.

The Community Hall had a new front roof of asphalt shingles put on this past week by the president, Joe Vatcher. Eveline was unable to help as she cut her left thumb and had to go to Norway hospital emergency room and have five stitches taken to close the cut. Did you ever try to wash dishes and not get your left thumb wet? Try it sometime. She got tired of putting on a dry band-aid Sunday, so she took a freezer bag made a cover all and held it on with a rubber band. The stitches will be taken out Thursday.

Callers at the Lawrences, Herbert Stevens, Flossie Williams, Joe and Eveline Vatcher, Albert Penley Sr., Rhoda Vatcher. Rhoda took "Root" a birthday cake with a Dolly Parton sucker for a decor. "Root" was observing his seventieth birthday.

Apple picking will begin at the Cooper Orchard on the Trask road this week. Then we can have apple pie every day.

Mr. and Mrs. Herbert Stevens went to West Springfield, Mass., early Thursday morning to the Eastern States Exposition and returned home on Sunday. This is a yearly excursion for them and they do enjoy it all.

Rhoda Vatcher had some work done on her trailer roof this week end. Hopefully the leak has been repaired.

Mr. and Mrs. Everett Vatcher Lynchburg, Va., and Mrs. Ella McCloud of Saugus, Mass., called his brother Joseph and sister Mrs. Fannie Whitten and sister-in-law Rhoda Vatcher on Thursday. Mrs. McCloud is an aunt to the Vatchers. She said she was the last apple on the tree.

Mr. and Mrs. Richard Martin have a new well.

I'll try to list them though not in the order in which they came. There were Bryce and Barbara Yates, daughter Darnita and granddaughter Eva, Sunday River; Elden and Terry Yates, sons Jeremy and Justin, Mexico; Michael and Wynona Woolf with daughter Courtney, Lewiston; Lawrence and Grace Yates, David and Karen Yates, David and Carolyn Yates with niece Deven, West Paris; Beverly and Arden Andrews, North Paris; Eva (Polly) Dunbar, Norway; Laura and Bernard Hutchins and his sister, Merna Allen, East Andover; Francis Adams and children, Robby and Karen, Sweden; Myrna and Bernard White, Auburn; Loretta and Emerson Merrill and children, James and Samantha, Gilbert and Juanita (Polly) Haines, Pamela and Cameron Taylor and son, Stephen, West Bethel; Kaye and Otto Blossey, Fort Lauderdale, Fla.; Elyse Fisher and sons, Bradley and Andrew. Quite a gang here most of the day and what a nice day it was. It was just perfect even though one needed a sweater most of the day when outdoors. The children had a good time playing with each other and even the dogs had a good time. Laura and Bernard brought their little dog with them, so she and our dog played too. A most enjoyable day for us and I hope for all who came. Just wish the rest had come too, as we don't see enough of the family members. Perhaps we can all get together somewhere next year and have more of the family present. Thanks to all who came and don't wait for an invitation before coming again.

Does everyone enjoy the fall colors, that are starting to show, as much as I do? The only thing is, I don't enjoy the cold weather that comes after it, but we can't have everything so enjoy what we can.

## NAZARENES CELEBRATE DIAMOND ANNIVERSARY

The Bethel Church of The Nazarene, along with the 50 other Nazarene congregations in Maine will be among 7,000 churches worldwide celebrating the Diamond Anniversary of this young Protestant denomination during the month of October.

The Church of the Nazarene comes from a series of mergers between many local and regional religious bodies in the United States and Great Britain which arose from the Wesleyan Holiness Movement of the late 19th Century.

The principal merger, which is regarded as the founding date for the Church of the Nazarene, occurred 60 miles north of Dallas in Pilot Point, Tex., on Oct. 13, 1908. Nazarenes from across the country will return to Pilot Point for Diamond Anniversary celebrations on Oct. 13 of this year.

The main identifying factor of this demomination is the Wesleyan doctrine of entire sanctification, which is a conviction that Jesus Christ not only saves from sin, but also provides for our perfecting in love in a second definite work of grace, the first work being justification of the rebirth.

During Heritage Month celebrations, Nazarenes hope to receive 10,414 new members, equaling the original membership of the denomination at its founding in 1908. Today the Church of the Nazarene has grown to a constituency of more than 1.25 million, with an active membership of approximately 750,000. This phenomenal growth has been a noteworthy characteristic of the denomination.

The Bethel congregation will begin its celebration on Sunday, Oct. 2, by releasing helium filled balloons bearing invitations to the Anniversary celebration. On Sunday, Oct. 9, a special filmstrip on the founding of the church will be presented; all those in church that morning who were born in or near the year 1908 will be recognized, and the parents of children born in 1983 will also receive special recognition. That evening a reading drama on the life of one of the Nazarene founders will be presented.

On Anniversary Sunday, Oct. 16, everyone is encouraged to come to Sunday School at 9:30, and Morning Worship at 10:30 dressed in the fashions of 1908. It is hoped that the church will record its largest ever attendance in the 9:30 Sunday School hour. Everyone present for Sunday School that morning will receive a special parchment Diamond Jubilee certificate, and a Diamond Jubilee pin. A group photo will be taken on the front steps of the church, and made available for a minimum cost to everyone who would like a copy. Following the Morning Service, everyone will be invited to a picnic on the grounds at the Nazarene Parsonage on Bridge St. Everyone should plan to bring a picnic lunch for their families. The church will provide coffee, tea, and cold drink. This was the custom of many churches around 1908, and also as with that custom, the picnic will be followed by an afternoon open air preaching service in the church parsonage back yard. In case of inclement weather, these activities will be held in the church building. On Anniversary Sunday, Pastor Beverage will be planning to preach sermons originally preached by some of the early Church of the Nazarene leaders.

Seventy-five years might seem fairly old for an individual, but is actually quite young for a religious denomination. Dr. Phineas Bresee, a founder of this church, always greeted with "good morning." It was always morning for the Christians, he said, and "the sun never sets in the morning." Nazarenes believes their denomination is still in the morning of its existence.

## WORLD "FEAST OF LIFE" THIS SUNDAY IN BETHEL

A very special World Communion service will be held Sunday, Oct. 2, at the West Parish Congregational Church at 10:30 a. m. The order of worship will follow closely "The Feast of Life" liturgy celebrated last July during the World Council of Churches' meeting in Vancouver, Canada.

Know as the Lima Liturgy, this order of worship is the result of 55 years of work by groups of Protestants, Roman Catholics and Orthodox Christians. It represents a great coming together of the major Christian traditions of worship and belief.

To help the congregation get the feel of the Vancouver experience, several persons will read portions of the liturgy in different languages, while the congregation follows an English text. More about the World Council's meeting in Vancouver will be shared at an Adult Fellowship Potluck supper this Friday at the church at 6:30.

The public is invited to share in both events. Call Rev. Brendon Bass, 824-2689 or 824-2653 for more information.

## SUNDAY RIVER INN HOSTING ELDERHOSTEL PROGRAM

Sunday River Inn is hosting its first Elderhostel program this week. Elderhostel, an educational program for folks 60 years old and over, was originally devised to make use of idle college campuses during the summer months. Since it origin in 1975 the program has grown to involve 90 campuses in New England and countless more throughout the nation and the world. Sunday River Inn is the first commercial inn to be selected as an Elderhostel campus.

The 31 participants presently enrolled in the Inn's program travelled to Sunday River from 11 different states as far away as Alabama, Iowa, Michigan, and California. While there for the week they will take courses in the art of Stained Glass by Bob and Jane Grover, Our Neighbor Canada by Stan Howe, and Rural Life in 19th Century New England coordinated by Steve and Peggy Wight with guest instructors Sue Laban, Stan Howe, Helen Morton, Don Bennett, Mike Caldwell and Alden Kennett. During the week there will also be plenty of time for travel and foliage viewing. To guide the participants through the Bethel area the Wights have provided them with a "scavenger hunt" list of businesses and institutions and suggest that they bring evidence of their visit to each place to share with the group.

A similar program will be run next week with a new group of participants. The Wights plan to make use of Sunday River Inn in the non-snow seasons as a conference and meeting center and hope to use the Elderhostel program as an important part of that concept. In addition to the two present programs, Elderhostels are planned for early January, early March, late April and early May.

Anyone wishing information on the Elderhostel program can contact Sunday River Inn for a brochure and the address of the Elderhostel Office in Durham, N. H.

## WEEK END ACTION FOR REBEL FIELD HOCKEY

The Telstar field hockey team brought home three wins over the week end, In its concest with Mexico Friday the team won 3 to 2 in sudden death overtime after coming back from a 2-0 deficit. Mexico scored 2 min. and 20 sec. into the first half before Georgia Gould put in one for the Rebels. On Georgia's second goal in the second half, Chris Davis assisted to force the overtime play. The winning goal came from Sally Thompson's pass to Penny York who took the winning drive in for the team win.

Saturday both squads won at Gould Academy. Georgia scored the first and third periods and assisted on two and four, while Penny York put the second in and Vicki Dyer found the net for fourth and fifth goals. Sally Thompson and Anita Kimball were also credited with an assist each. In the second game Darcie Witter was high scorer with four for the afternoon. Mary Taylor had three, and Linda James one, Kara O'Donnell, Elayna Tate, Kelly Boyle and Amy Otero each had an assist. Final score 8-0.

## THIS WEEK AT THE MOSES MASON HOUSE

All members and friends of the Bethel Historical Society are reminded that the next monthly meeting will be held on Oct. 6 at the Moses Mason House Meeting Room beginning at 7:30 p. m. As this is the annual "What's It" meeting, anyone with an unusual item from the past is urged to bring it for display and discussion. Following the "what's it" portion of the meeting, a film "Home to the Sea", focusing on the Maine past, will be shown. As is the case with every monthly meeting, anyone interested is cordially invited to attend. Refreshments will follow the program.

Nearly 100 Gould Alumni visited the Moses Mason Museum last week end for the annual fall event the Society's Homecoming which includes "Gould Through the years", a slide show focusing on the history of Gould Academy. Several took advantage of a visit to the Dr. Moses Mason House, attractively decorated with harvest and floral arrangements under the supervision of Barbara Herrick Brown, Gertrude Hutchins and Sudie Vachon.

The 1984 Bethel Historical Society calendar is now at the printers and is expected to be available in early October.

New member this week is Veronica Boyland of Bethel.

Contributions to the endowment continue to arrive in the Society's mailbox. Generous contributors this week are Bryce and Barbara Yates, Bethel; Andrew and Coleen Boyd, West Bethel; Douglas M. Swett, Fryeburg; Karl and Helen Kraul, Portland. To date over 210 businesses and individuals have contributed over 80% of the 1983 goal. Much gratitude is due all those who have helped the Society make such significant progress toward ensuring its future growth and development.

A century ago the "Oxford Advertiser" for Sept. 21, 1883 was reporting that Woodbury and Purington have "moved into their new store and must find it very much more convenient than the old one, besides saving rent." It was also reported that Moses T. Cross had died, "another vacancy in the ranks of our old residents." He was 77 and "a worthy citizen."

## PILGRIM FELLOWSHIP GETS YEAR OFF TO GOOD START

Pilgrim Fellowship, the high school youth group of West Parish Congregational Church, got its new year off to a great start with outings and meetings during the past two weeks. President Jay Davis met with advisors Rev. Brendon Bass and Steve and Peggy Wight to begin planning the group's fall schedule.

The first event of the year was a hike to Mahoosuc Notch on Sunday afternoon, Sept. 18. Group members enjoyed exploring the boulder caves through which the Appalachian Trail passes and meeting Trail through-hikers Frank Corcoran and Laura Russell from Ipswich, Mass., who began their trail trek at Springer Mt., Ga., on April 15.

The groups first regular meeting was held on Thursday Sept. 22 with 16 members enjoying supper and fellowship together. Introductory games were played and plans were furthered for discussions, trips, parties, and projects for the months ahead.

On Saturday evening, the group travelled to Conway, N. H., to see the movie "King of Hearts". Both the movie and the trip by orange van were great fun.

The group meets for supper and program each Thursday evening at 5:30. All interested high school youth are welcome. The program for the Sept. 29 meeting will be Caring for Others Physically: First Aid, led by Arlene Greenleaf.

## VISITING HOURS/VISITOR REGULATIONS AT STEPHENS MEMORIAL HOSPITAL

Effective Monday, Oct. 3, Stephens Memorial Hospital, Norway, will increase general visiting hours and begin strict enforcement of all visitor regulations.

A recent survey of patients, visitors, nurses and doctors consistently identified lack of enforcement of visitors regulations by hospital employees as the key issue surrounding visitor problems.

The support given patients by family and friends is recognized by the hospital as an important part of a patient's full recovery, and visitors are encouraged.

An effort has been made to establish visitor regulations which will give patients time for adequate rest, treatments, private talks with their doctors and still enjoy their visitors.

If the doctor and patient agree, permission may be obtained for special visitor passes. The doctor must write an order on the patient's chart for the special privileges. The visitor must then obtain an identification badge from the switchboard operator to wear except during visiting hours. Visitors observed in patient areas without badges when visiting hours are closed will be asked to leave. The general visiting hours effective Oct. 3 have been increased by one hour beginning at 1 p. m. rather than 2 p. m. daily.

Other regulations are: only two visitors are allowed at one time, take turns; smoking by visitors is allowed only in designated areas; one or two immediate family members may visit for five minutes prior to pre-medication of a pre-operative patient; one or two immediate family members may visit post-operative patients for five minutes when the patient returns from the recovery room; mother/father of children under 14 may visit anytime; children accompanied by a responsible adult may visit 2 p. m. - 3 p. m. on Saturday and Sunday. Patients may visit with children at other times in the family room or courtyard when appropriate; visitors may expect to be asked to step out of the room if the patient requires a treatmen or otherwise needs privacy; visitors are asked to refrain from sitting on patient beds in the interest of infection control for patient and visitors.

Visiting hours:

Medical-Surgical Units: 1 p. m.-4 p. m./6:30 p. m.-8 p. m.

Special Care Unit: Immediate family and clergy only, 15 minutes every two hours.

Pediatrics: 1 p. m.-4 p. m./6:30 p. m.-8 p. m. Parents are welcome to stay and participate in their child's care. Arrangements can be made for you to stay at the hospital overnight with your physicians permision. Please ask the nurse to assist you.

Maternity Unit: 2 p. m.-4 p. m./6:30 p. m.-8 p. m. Labor room visiting is restricted to the father or one person of the mother's choosing. Fathers Only—11 a. m.-10 p. m. Fathers may assist with baby's care and feeding during this time. Other Children of the Patient — Weekdays—6:30 p. m.-7 p. m. Sat. and Sun., 2 p. m.-2:30 p. m.

The cooperation of all persons using Stephens Memorial Hospital will be appreciated as the staff strives to provide a relaxed atmosphere which will promote healing and a return to a maximum level of health for the patient.

### TELSTAR SOCCER WINS 5 - 1 FRIDAY, SEPT. 25, AT MEXICO

The Telstar varsity soccer team upped its record to 4-2-2 Friday night Sept. 23 with a 5-1 victory over a host Mexico team. The Rebels who had had their two previous outings had a bit of trouble early in the game as the Mexico Pintos scored just three minutes into the first period. But as the defense settled down, the offense began to roll and Bruce Barth evened the score at 2:45 of the second quarter. He was assisted on the play by Brian Whitman.

A few adjustments during halftime proved to be effective as the Rebels scored four times in the second half and the Pintos had few scoring opportunities. Chuck Haines began the second half scoring by netting his first goal of the season assisted by Bob Myers. The rest of the scoring belonged to senior Brian Whitman as he tallied a hat-trick by scoring three goals in the fourth quarter. He was assisted in the scoring by Bruce Barth, Chuck Haines and Pat McKinney.

The Rebels fired 34 shots at the Mexico goal as Mexico goalkeeper Kevin VanDeursen turned away nine. Rebel goalkeeper Scott Tabb had to make four saves.

Telstar hosts Yarmouth on Saturday, Oct. 1 at 11:00 a. m. The game should prove to be an exciting one as Telstar and Yarmouth were rated second and third respectively in the most recent Heal point standings. The two teams also played to a 2-2 tie in their last meeting.

He got a moose early Tuesday morning, weighing 730 pounds, woods dressed. Mrs. Berry had a permit and hunted with her brother Bradley Wight. She got a moose Tuesday morning, weighing 600 pounds woods dressed. They returned home on Tuesday evening. Nancy Wight and Terri Littlehale baby sat for Mrs. Berry while she was gone.

Mr. and Mrs. Verne Glover, Hollis, spent the week end at their camp.

The title of Pastor Hanscom's sermon at the Newry Community Church Sunday morning was "A Brash Promise", with scripture readings from the 11th chapter of Judges. Cake and coffee was served after the service with Olive Anderson as hostess. World Wide Communion Sunday will be observed at the Church next Sunday.

The Ladies Circle will meet Oct. 3, at 7:30 p. m. at the home of Louise Tetley.

Beatrice Lowell, Olive Anderson, Louise Tetley, Eleanor Morton, Eleanor Davis, Nancy Wight, June Swan, Karlene Bachelder, Betsy Clark, Sylvia Wight, Gilberte Seeley and Rena Powers, and Rena Powers, went to Rumford bowling Wednesday. Karlene Bachelder was high scorer.

Betsy Clark and Gilberte Seeley went to Berlin one day last week. Louise Tetley and Gilberte Seeley went to Rumford one day.

Dr. and Mrs. DeSousa called on Mr. and Mrs. Willard Wight one day last week. He was the summer minister at the Newry Community Church in 1947. They lived in Hawaii several years after that, and are now living in Friendship, going to Florida winters. From here they went to Vermont visiting.

Stephen Yates was out of work for a week because of an eye injury. He went to Lewiston for treatment. He is now working on the road construction job at Screw Auger Falls.

The Selectmen met Monday morning, Sept. 19, with Fergus Lea, of Androscoggin Valley Council of Governments, and Franklin Harrington, co-owner of the property in question, to examine prospective sites for the sewerage disposal area. Several locations were viewed on the former Walter Emery property, and one location seemed suitable. Soil tests will be taken soon, and data will be submitted to the D.E.P. for approval. Another site was viewed on Sunday River, on land owned by Bryce Yates. It is expected that more information will be available by the last of the week. The Town of Hanover has expressed a desire to use the Newry dumping site, as apparently there is no suitable site in Hanover, that meets with D.E.P. approval. To date, no agreement has been made in regards to this, but it is expected that something can be worked out. Present plans call for the property owners to operate the site and charge individual home owners a fee per load for dumping.

**— Mrs. Marjorie Jodrey, Cor. —**

Mr. and Mrs. Richard Johnston spent the week end in their trailer at Papoose Pond for a Square Dance Week End with Terry Campbell.

Mrs. Elsie Hewey has been spending a few days with her sister and brother-in-law, Mr. and Mrs. E. M. Quinn while going to Gould's Alumni Week End.

Mrs. Joye Reier spent a night with her parents at Papoose Pond.

Miranda Knox, daughter of Mr. and Mrs. Steven Knox, spent the week of Sept. 18 to 23 with her aunt and uncle, Mr. and Mrs. Richard Cronin and family while her mother and father went moose hunting in the northern part of Maine. Mrs. Knox was one of the lucky hunters to get a moose.

Rally Day at Calvary Congregational Church was a big success with 48 turning out to Sunday School. The theme this year was "Flying High with Jesus". David and Dan White made three passes over the church with their airplane, dropping candy and peanuts, with long colored streamers. Sunday, Sept. 24, Pastor Grover had as his message, "The Do-Gooder" at the Calvary Congregational Church. The choir sang "Christ Hath Made Us True." Special music was sung by Carole Stuart and Marylyn Morton. N.B. B.I. Fall Conference Oct. 6-9 with Rev. Jack Yost and Rev. Harold Duff as guest speakers. Mark Bredin will be here for the 9th Missionary Conference Oct. 21-23. The Face 4 c's Conference will be Oct. 15 with the Rev. Edward Hale as speaker.

At the First Congregational Church the minister for Sunday, Sept. 25, was Rev. Mariotte Churchill. It was also Communion Sunday. At a special church meeting last Monday it was voted to move the worship hour to 9:30 a. m. beginning Oct. 2. Both Sunday School and worship will be held at the same time. There will be a special church meeting immediately following the service next Sunday, Oct. 2, to see if the church membership will call the Rev. E. Mariette Churchill to serve as Pastor of the Church. The pulpit will be filled by the Bangor Theological Seminary on Oct. 2, 9, and 16.

A couple of Andover's young women wonder if anyone besides them saw some rather large lumps in the road to Rumford on the East Andover side.

Mrs. Lewis Trine and daughter, Michele, were in Portland, Old Orchard Beach, Saco and Bar Mills visiting last Saturday.

Mrs. Maggie Humphrey and daughters, Missy and Josie, and Mrs. Rex Thurston went to the Portland Jetport Tuesday night to pick up their mother who was returning from a vacation in California for week.

Charles Marston Sr. has returned from a stay in the Rumford Community Hospital.

Mrs. Mary Jaros is visiting at her son's, Charles Jaros, for a couple of months after being hospitalized.

Just a reminder for the Webelos of Andover that their first meeting is going to be Oct. 1 at Rex Thurston's on the East Andover Road at 1 o'clock.

Greeters at the First Congregational Church on Oct. 2 will be Ivy Thurston and Nella Howard.

**Safety Tip of the Week**

Ten Symptoms you should never ignore. Sometimes it's hard to know when you really need to see a doctor as we suffer minor illness or pain from time to time and most clear up of their own accord. Yet certain signs and symptoms should not be ignored—Here are ten symptoms that could mean a difference if checked in time by a doctor: (1) Rapid loss or gain in weight; (2) Fever of unknown origin; (3) Chronic unexplained pain; (4) Unusual bleeding or discharge; (5) A change in bowel or bladder habits; (6) Nagging cough or hoarseness; (7) Indigestion or difficulty in swallowing; (8) An obvious change in a mole or wart; (9) A sore that fails to heal; (10) A lump in the breast or elsewhere.

### CARD OF THANKS

I wish to thank all my family, relatives and friends for making my birthday party such a lovely one. Thank you for all my gifts which were appreciated very much. A special thanks to all my C.B. friends. Catch you all on the flip, flop. Thanks again.

## Children's Center

Already into the second week of Head Start, the children are quickly making new friends and becoming familiar with the routine. Kathy Hazelton, speech therapist, has made two visits with plans for evaluating each child's speech. Children who need help with their speech will be seen on a weekly basis, individually at first and then collectively.

Teacher Colleen and a group of helpers mixed and baked a cake on Wednesday in celebration of all the September birthdays. Cooking activities are an important part of the educational and nutritional program.

During the summer months, weekly visits were made to the Ledgeview Nursing Home, West Paris, to spend time with patients there. The activities directors, Evis Harlow and Ruth Feeney, have allowed the children to participate in their Wednesday morning activity time. They play games, sing, read stories and generally share between young and old. On Oct. 5, these visits will resume.

Thanks to the Policy Council and O.C.C.S., the Center has a much needed new septic system. The playground is all put back in place and, hopefully, the septic problems are a thing of the past.

There will be a parent meeting on Monday, Oct. 3, at 7 p. m. Denis Corrin, consulting psychologist, will be in attendance.

For contributing items to the Center, thanks go to Arthur Gilbert for the home grown watermelon; Kate Eastman for the gorgeous pumpkins; Linda Smith for beets, and carrots; and Hilda Walker for many books, toys and games. Also thanks to special volunteers, Cindy Mills, Linda Smith and Nina Wheeler.

Next week's luncheon menus (Oct. 3-7):

Monday: W. w. macaroni-tuna casserole, broccoli, milk.

Tuesday: Vegetable beef stew, cheese and crackers, fruit, juice, milk.

Wednesday: Quiche (meat, cheese, spinach), vegetable sticks, w. w. bread, pudding, milk.

Thursday: Baked pea beans, brown bread, Waldorf salad, fruit, milk.

Friday: Ham and cheese with lettuce and tomato in pocket bread, tomato soup, fruit, milk.

## Upton

**— Mrs. Arline Bernier, Corres. —**

The trustees held a meeting with all five members present. It was the first trustees' meeting I'd ever attended and as I officiated I was rather nervous and my attempt to give a brief background history of the church got flubbed up and didn't even make sense to me. After that fiasco, several matters were efficiently taken care of by the group. Larry Shaw of Rumford was elected pastor, Lucille Langesse elected chairman, the heating problem was discussed, also the fund raising as the church does not have enough money to pay the next light bill. The matter of some planks on the steps which need to be replaced was discussed and suggested someone volunteer to do this work soon as the steps will then be painted at no cost to the church. The temporary sign received adverse comment. The next meeting will be called by Bob Folsom after he gets some of the above matters taken care of so he can report and further discussion or action is in order.

Amazing how often Upton people see each other in another town no matter what hour. I spent a short time in Bethel Monday afternoon and saw four others inside and two more were just outside at the time.

Fred and Marion attended Wilson's Mills Grange Fair as workers. Marilyn Brennon, Dorothy, and Elsie Fuller rode up with Ellen Heywood. Arline Bernier accompanied Margaret Mitchell.

Mr. Yates is jobbing a nearby lot on Back Street owned by Boise Cascade.

Mike Bergeron and son attended the Farmington Fair during the week end.

Arline Bernier attended the Common Ground Fair in Windsor Friday. That fair is different emphasizing organic, natural and farming and is without midway and some of the features of many large fairs.

**NEWS FROM POOH CORNER**

Pooh Corner Nursery School had a visit from a very special bird named Alex. He is a parrot who likes to ride in cars. He is a pet who can talk. Joel Clark keeps Alex at his house in Bethel. All the nursery school children liked seeing and listening to Alex.

The nursery school children made story sequence papers, whole body shapes, career puppets and square houses. They learned two new songs: Ten Little Fingers and The Ants Go Marching. At snack time they made rice pudding, custard, stuffed celery and potatoes with cheese.

Pooh Corner Special Night for parents and friends will be Friday, Sept. 30, from 4 to 6 p. m. Children's work, pictures and home made snacks will be ready!

## Greenwood City

**— Mrs. Colista Morgan, Corres. —**

The eerie call of the owl shattered the silence of the evening. We heard it for less than a minute, as the sound hung in the air, then it was lost in the darkness. From across the pond we heard a splash in the weeds. I wondered if this invisible but shadowy presence could be the moose I recently saw.

Finally a blanket of silence covered the pond and the forest. We waited for it to be broken but no other sound, not even a stir.

The air became chilly and we expected a frost. Later I used a flashlight to put my last geraniums under cover.

In a few hours a mammoth candle was lighted at the tops of trees on Noyes Mountain. The darkness rolled back and the sky brightened. It fanned out and climbed higher. At this dramatic moment the moon lighted the valley. The ethereal wonder touched my red-salvia, my flower boxes, and made a path across the water. I watched the breath-taking beauty for a while and thought that by morning all would go with Jack Frost until another year.

The chill in the air seemed penetrating because it was the first real chill of autumn.

The next morning it was still chilly but I knew that summer had drifted up the hill but Jack Frost had not visited us. My flowers still waited for another night.

As I walked during the day, the smoke curled up from the red brick chimney bringing a sweet scent to the air.

All along the way the twittering, wistful and plain, from gathering birds could be heard. The rustle of leaves and the whispering of the grass kept me company.

At my left undisturbed, the white breasted nuthatch, continued with starts and stops down a decaying beech tree. Its familiar "yank, yank" changed somewhat, as it speeded up or slowed down. Its upturned bill was investigating the grooves and loose fragments of the bark.

Now I came upon a cricket which I presumed was dead. I drew nearer and touched it with the toe of my shoe and it exploded into the air with a leap which carried it from sight. Across the meadow to my right the air pulsated with their shrill sound of stridulating wings.

My eyes caught the flight of a lone monarch butterfly. It moved without haste and I followed it with my eyes, as it flew toward the pond then across. As it rose high above the trees, it went from sight and left me behind. Its journey ahead will be long. I suddenly felt chilly and nearer to the cold months ahead.

—

Do you like surprises? I do, that is if they are pleasant. We had one on Thursday when Edward and Ruby Widberg called on us. They had driven from Canton, Mass. So nice to have them call. We haven't seen them since last spring. Those peaches they brought were grown on their own tree. How juicy and sweet! I had forgotten how good a peach could be.

This was a "going" week for us—eye examinations, blood test, hair cut, and library to mention a few.

Doris Hayes received word of the death of her sister Lenora's husband so she was in Portland a couple of days. She is now home and has company, Mr. and Mrs. Terry Spires and children, New Hampshire.

Robert Holt of Windsor, drove his father and mother, Leonas and Fay Holt to Boston on Tuesday. Fay went to see her eye doctor. She will return in October for more surgery.

The Leepers were at their cottage here from Rhode Island over the week end.

Robert Curtis of East Bethel made a surprise visit at the home of Frank and Dorothy Curtis on Sunday and also called on Fred and Rena Curtis.

Mr. and Mrs. Carl Curtis and children and Mr. and Mrs. Fred Curtis spent the week end at Deer Isle.

Melanie and Nick Strait, children of Glenn and Lillian Strait, are with their grandparents, Mr. and Mrs. Fred Curtis, for a week while their parents are on a cruise in the Carribbean.

If you want service while shopping, try your Bethel area businesses. They are owned and operated by local people who will go out of their way to serve you. John and Ruth Grover at the Fashion Basket/Brass Buckle have a terrific selection of clothing and are always glad to help you find just the right piece.

## Telstar R. H. S. News

**GUIDANCE NOTES**

The last two weeks have been busy ones with a variety of Guidance related functions and services being rendered.

Becky Hardy, Substance Abuse Counselor from Tri-County is available again this school year on a drop-in basis. Middle School and High School students, faculty and parents may visit with Ms. Hardy regarding educational information, suggestions and resources dealing with alcohol and drug abuse. Her hours at Telstar are every Monday (1:30 - 2:15).

The first series of Guidance Parent Nights were held over the past two weeks, in the high school library. Twelve Freshman parents attended and received a presentation on Guidance roles and materials available for all grade 9 students. On Monday, Sept 19, eight sophomore parents were present for the Guidance orientation.

Mr. Hart has recently visited all Junior English classes to interpret the Differential Aptitude Test (D. A.T.) taken last April. Students received scores on eight aptitude test sections. Accompanying these scores were individual print-outs stating students 1st, 2nd and 3rd choices of school subjects and occupational fields in conjunction with their test scores. Students were encouraged to take these D.A.T. results home to their parents.

This past week Academic Juniors and Seniors were given a presentation on college representatives visiting Telstar, the College Fair at U.S.M. and College Board tests.

New Courses for Telstar High students include Truckdriving and Grass Roots History. The N.O.V. A. program has a new program in tractor-trailer driving. Four seniors from Telstar are involved in this "pioneer" class. Currently all four seniors spend 90 minutes daily in class and in "on the road" instruction. George Byam, from Andover, is the Tractor Trailer Driving Instructor. Valerie Cole, Mark Farnum, Penny Fleet and Pat Howard have received their Class I permits. This course is nine weeks in length.

Dr. Stanley Howe, of the Moses Mason House in Bethel, is the instructor of Grass Roots History. This course is designed to provide the academically talented student with an appreciation of history, using the extensive resources of the Bethel Historical Society / Moses Mason Museum.
